

SURE WAY TO CRYPTO
INVESTING!

COIN SETS HOW THEY WORK?

APEIUM

COIN SETS !

- **Coin Sets are theme-based bundles of cryptocurrencies actively managed by experts. They help you diversify your investments across a theme and minimize your risk. Invest in ideas you believe in and grow your wealth in the long run!**
- **The following pages detail how these are bundled and how their performance have been prior to the most recent “bear market.**

HOW DO WE INVEST IN THESE COIN SETS

- There are companies like Mudrex (mudrex.com) who manage coin sets and make investing in them a breeze
- Apeium will tie up with companies like Mudrex to invest and diversify investments in a variety of coin sets
- ROI will be measured once in a quarter and profits distributed annually.

RISK

- Any investments always carries risk
- Past performance are not an indicator to future performance
- The goal is to keep a tab on risk and maximise profit potential.

PLEASE DON'T HESITATE TO CONTACT US

- We would love to hear your comments and feedback on this initiative
